- Note 1:** The number of graduands for December 2020 dropped as compared to the previous year (s). This is attributed to the large number of candidates who did not do their Final Qualifying Examination due to interruption by the Covid-19 Pandemic
- Note 2:** The number of graduands for both April 2021 and December 2021 fall below the trend recorded upto 2019 since the two groups are made up of single Final Qualifying Examination compared to two in the previous years.
- Note 3:** The College looks forward to presenting a larger number of graduands during the next graduation ceremony having reverted to the usual annual calendar of examinations post interruption by the Covid-19 pandemic.
